

IN THE CLAIM

Please cancel Claims 1 to 6, without prejudice or disclaimer of the subject matter thereof, and amend the claim 7 as the following. The amended claim 7 is identical to the original claim 7, but the original claims 1, 4, 5, 6 are incorporated into the claim 7 because the original claim 7 is dependent to the original claim 6, the claim 6 is dependent to the claim 5, claim 5 is dependent to the claim 4 and the claim 4 is dependent to the claim 1. The claims 8 to 11 are remained. No new matter is added.

LIST OF CLAIMS:

Claim 1 to 6 (Cancelled)

Claim 7. (Currently Amended) 1.-A warning light device for indicating releasing of accelerator pedal of vehicle, said warning light device comprising: a light member, and means for coupling said light member to the accelerator pedal of the vehicle, to actuate said light member to generate warning light and to indicate releasing of the accelerator pedal of the vehicle;-

4. The warning light device as claimed in claim 1, wherein said coupling means includes a generator for coupling to and controlling said light member;-

5. The warning light device as claimed in claim 4, wherein said generator includes a spindle, said coupling means includes means for connecting said spindle of said generator to the accelerator pedal;-

6. The warning light device as claimed in claim 5, wherein said connecting means includes a gear rotatably engaged onto said spindle, and means for actuating said gear to rotate said spindle in an active direction, but not rotate in a reverse direction;-

7. The warning light device as claimed in claim 6, wherein said gear

reduced side, said actuating means includes an actuator received in said at least one slot of said gear, and arranged to be engaged between said gear and said spindle when said actuator is received in said reduced side of said at least one slot of said gear.

5 Claim 8. (Original) The warning light device as claimed in claim 7, wherein said actuating means includes a rack engaged with said gear and for connecting to and for being moved by the accelerator pedal.

10 Claim 9. (Original) The warning light device as claimed in claim 8, wherein said actuating means includes a clip coupled to said rack, and for connecting to the accelerator pedal.

 Claim 10. (Original) The warning light device as claimed in claim 7 further comprising a base having a roller to support said rack.

15 Claim 11. (Original) The warning light device as claimed in claim 7, wherein said gear includes a cap attached thereto, to retain said actuator within said at least one slot of said gear.
